New Live Webinar

Get Lost in Ledgers – The Unique Looking Glass into Our Ancestors' Lives September 1 from 7-8 PM EDT

About the Webinar: Business/organization ledgers document everyday business transactions that involved North Carolinian families. This webinar focuses on the many kinds of ledgers used by North Carolina businesses and highlights where we can locate these ledgers and what we can learn from them. In addition to placing individuals and families in space and time, relationship information is sometimes noted – family, an employer/employee, enslaver/enslaved – as well as life events, entries for free people of color (FPOC), and so much more!

Plus, don't forget our female ancestors. Every kind of ledger examined mentions women transacting business. We will explore ledgers from the following ledger authors and more: physician, general store, distillery, lawyer, livery, blacksmith, cotton/tobacco pickers, midwife, mill operator (textile, lumber, saw, grist, etc.), pharmacy, port-related, rural Post Office, farm renters, sanatorium, tolls/bridge/ferry, undertaker, etc., from the 18th to 20th-centuries. Do not assume that your ancestors will not be listed!

After the webinar is over, it will be added to the <u>NCGS Member Webinar</u> <u>Library</u>. Sign in to your account or join <u>NCGS</u>, to access the webinar library to view this webinar and many others!

Last Call for "Federal Tax" Themed Journal Content!

Though work on the 2022 journal issues is underway, the last issue of 2021 could use your help! The theme is "Federal Taxes" and encompasses the Whiskey Tax of 1791 through early 20th-century liquor taxes. Personal stories about your ancestors, relevant images, maps, data, and beyond are appreciated. Not sure if what you have is applicable, just drop Diane an email, journaleditor@ncgenealogy.org.

New Volunteer Document Abstraction Projects Available

As archives/libraries start re-opening and continue/start digitization projects long paused (due to remote only working), a few "new" projects are now available to be abstracted. Whether you hear from me regularly about these projects or this is the first time you are learning one way you might help with *NCGS Journal* content, please read on!

Some of the mentioned material is available through DigitalNC and is accessible easily via the Internet. Other materials are items that I currently have on my computer and will share via dropbox or email, size permitting. The focus is on the individuals and purchases/services. The money involved can be skipped. The focus is selecting sample pages to cull entries for; the entire ledger does NOT have to be done!!!!

Deadline for completion is 1 November.

My version of small print! The items listed below are available as this newsletter goes to press. **Please check with me before working on any project** as I might have suggestions for you, and I WILL have guidelines. And someone may have claimed the project in the interim.

(101) Lawyer Ledger via UNC-Southern Historical (was Granville now Vance), John Williams, 1770-1803, <u>https://finding-aids.lib.unc.edu/04472/#ovolume_1#1</u>

(102) Apothecary Ledger, William Cramer, Beaufort, Carteret, 1852-1855, <u>https://lib.digitalnc.org/record/23810</u>

(103) Tannery Ledger, David Kendall, Stanley Co, 1847-

1857, <u>https://lib.digitalnc.org/record/21552</u> This ledger includes an all name index [images 223-232 which we can point out to researchers, so, the key are sample entries to illustrated what one might learn

(104) Grog Shop Ledger, Isaac T. Biles, Albemarle, Stanley Co, 1861, 1869-1871, <u>https://lib.digitalnc.org/record/21541</u>

(105) Ledger of a Store on the Little River, Montgomery, 1829-1830, <u>https://lib.digitalnc.org/record/21583</u>

(106) Silver Hill Mining Company Ledger, 1859-1862, Davidson Co, <u>https://finding-aids.libunc.edu/03152/</u>

(107) Accounts of Gray and Pierce for wages paid in the production of shingles and for sales of shingles and shoes, 1847-1849, <u>https://finding-aids.lib.unc.edu/01758/#folder_2#1</u> focus is on shingles and not general store-esque entries (we have plenty of those from other ledgers). I believe employees are listed – looks like the Folk family (John, Hardy, Riddick, Samuel, Zacaniah, etc) & others (some listed with only forenames – suggesting enslaved or ?!?!). Basically, trawl through it and see what shakes out

(108) John Cockton Account Book (1769-1794), Currituck County, SANC, courtesy of Sharon Gable [who has volunteered to also proof names]

(109) Ramsay and Muse, 1796-1797, Pasquotank Co., SANC, courtesy of

Sharon Gable [who has volunteered to also proof names]

(110) Iron Foundry (1839) & South River Iron Works (undated) [via UNC Fisher Family Papers]

(111) Shoemaker [actually Shenandoah Valley VA-based, good examples of bartering and one of few extant shoemaker ledgers]

If any of these interest you or you have questions, please reach out to Diane, journaleditor@ncgenealogy.org

I'm trying to pin down that Chambers Humphrey of Robeson County was married to Lucy (Pettus). I see a lot of documents for her name Lucy, but no documentation of their marriage in Bible records or marriage bonds to to establish her maiden name as Pettus. They both started off in Virginia, then Dobbs County, NC, and ended up in Robeson County, NC. Timeframe 1720-1790 Please contact at <u>astephanierh@gmail.com</u>. Thank you.
